

Dear PS 175 Parents,

ThinkingCAP NY Afterschool is introducing “Kodable” to our enrichment class roster. Kodable translates computer science into easy-to-teach lessons and games that kids love! Classes will be held every Tuesday:

3:45-4:45 for grades K-2

4:45-5:45 for grades 3-5

Tuition is \$40/month for REGISTERED students.

For UNREGISTERED students the tuition is \$123/month (This includes one day of Afterschool with snack, HW Help, Kodable and any activities if time permits).

Please email Register@thinkingcapny.com to sign up and feel free to contact Supervising Coordinator Adam Esparza with any questions or inquiries.

Regards,
Administration Team
ThinkingCAP NY
