

# 4<sup>th</sup> Grade News

## April 2017

### What are we learning?

**Math:** Students will be focusing on Geometry Operations and Algebraic Thinking. More specifically 2 dimensional shapes. The chapter Essential Question is, How can you draw and identify lines and angles, and how can you classify shapes?

**Reading:** Students have been loving their D.E.A.R. ( Drop Everything and Read) time. We will begin to focus on a novel called Lunch Money by Andrew Clements.

**Writing:** Students will focus on writing a realistic fiction piece through the guidance of teachers college writing.

**Social Studies:** As we conclude the American Revolution we will move forward into the Industrial Revolution.
